ABOUT US:

Abdul Kalam Institute of Technological Sciences (AKITS), established in 2006 at Kothagudem, is sponsored by the Global Educational Society and governed by experienced academic and industry leaders. It is approved by AICTE, New Delhi and affiliated to Jawaharlal Nehru Technological University Hyderabad. The institute focuses on industry-oriented technical education backed by modern laboratories, upgraded infrastructure, and practical learning environments.

Research, innovation, and industry collaboration are prioritized to match current technological demands. Students are trained to build problem-solving, analytical, and creative abilities with responsibility and confidence. Faculty members guide learning through a structured and skill-focused academic system. AKITS aims to develop technically competent manpower that contributes to national progress. The institution works towards excellence through continuous improvement and professional standards. It emphasizes values, discipline, and real-world skill building. AKITS stands committed to delivering quality education, societal contribution, and future-ready engineers.

Academic & Faculty

- Qualified Faculty:** Experienced, dedicated and often industry-oriented professors.
- Outcome-Based Education (OBE):** Focus on skills and competencies (problem-solving, research) beyond rote learning.
- Project-Based Learning (PBL):** Hands-on learning through innovative projects, often leading to patents.
- Continuous Evaluation:** Regular assessments, mock tests and remedial classes for support.
- Research Focus:** Active research centers, publications and grants.
